Job details

Job Type
Full-time

Qualifications

- Welding: 1 year (Preferred)

Full Job Description

Pinnacle Design/Build is looking to add an awesome new team member within our Ranks. This open position is for a CERTIFIED WELDER wanting to spark up their career with a great company that is growing. We're looking for a hardworking welder who enjoys meeting challenges and surpassing customer expectations. The ideal candidate will have a background in construction and structural field welding. Some projects might require short-term traveling, such as one to two weeks, but we pay all travel expenses, including lodging and meals. We're looking for a long-term candidate who is looking for a secure and rewarding form of employment.

The welder position job responsibilities include the following:

- Possess welding certification (or ability to obtain certification) for overhead, flat, vertical structural welds on ½" plate.
- Read blueprints and drawings and take or read measurements to plan layout and procedures
- Determine the appropriate welding equipment or method based on requirements
- Set up components for welding according to specifications
- Operate oxygen and acetylene torch, angle grinders to prepare the parts that must be welded
- Align components using calipers, rulers etc. and clamp pieces
- Weld components using arc welding equipment in various positions (vertical, horizontal or overhead)
- Repair machinery and other components by welding pieces and filling gaps
- Test and inspect welded surfaces and structure to discover flaws
- Maintain equipment in a condition that does not compromise safety
